KREON ONYX MEASURING ARM

Discover excellence with the Onyx measuring arm

The Kreon Onyx measuring arm sets the standard for excellence, combining precision, performance, and reliability for industry professionals. Designed for high-quality 3D measurements, it integrates advanced technology, optimized ergonomics, and remarkable portability.

Paired with Skyline scanners, it delivers fast, high-resolution scanning, boosting productivity during inspection phases. A probe can be directly connected beneath Kreon scanners for maximum flexibility without disassembly.

The Onyx arm ensures reliable results, even for the most demanding projects.

BLACK FRIDAY SALE!!!

If you missed out, don't worry—there's still time to take advantage of our exclusive offers. We've extended the sale for a limited period to ensure everyone has a chance to benefit.
